

# Children's Museum of Art and Science Clearlake Wildlife Youth Art Project

"If art is to nourish the roots of our culture, society must set the artist free to follow his vision wherever it takes him."  
- John F. Kennedy

## Sponsorship

The Children's Museum of Art and Science (CMAS) has been bringing art and science activities to the youth of Lake County in various ways since 1991. The Clearlake Wildlife Youth Art Project is a free program open to any student in the 3rd to 12th grades in the Lake County California.

This project has many positive benefits for our youth and to our community. It will give students an opportunity to utilize their artistic talents to create art murals depicting native wildlife which will be mounted on buildings in Lake County. The youth murals will foster appreciation of Lake County's diverse ecology and promote a sense of connectedness within the community. It will provide an art educational experience for the students who engage in creating their own design. Students will experiment with mixing their own colors and learn art techniques to reproduce and scale their original art.

A sponsorship costs \$300 per mural and covers the cost of all the materials, high quality Benjamin Moore paint, 2" frame, plaque denoting the artist, grade, year, and creature depicted, hardware, student artist brushes, snacks and mounting by a professional. Donations will be gladly accepted to help defray the cost of sponsorships where needed.

Be a part of this Clearlake Wildlife Youth Art Project Mural Challenge and let us together beautify our cities with youth art! All murals are mounted on the exterior of buildings for public display and listed on Clearlake Wildlife Youth Art Project google maps. Call Stephanie Figueroa to get a mural for your building. Your donations are greatly appreciated. Please send checks to: CMAS, PO Box 2634, Clearlake, CA 95422. CMAS is a 501(c)(3) Tax ID # 20-1378010

**Please Fill out Form:** *creature must live in Lake County - [bird] [fish] [mammal] [reptile] [insect]*

If you would like a particular creature please specify: \_\_\_\_\_

(If you don't specify then we let the student come up with a creature and you can choose)
